- As an incoming exchange student, you can choose from a wide range of courses in different subject areas so that you can put together an individual program.
- The option of specialising (either Sustainable Business or Sustainable Law) is of course also given, depending on your choice of subject. This will then be indicated in your certificate
- You are not required to follow courses of only a single study exchange program, you can choose the courses from different study exchange programs, provided that the courses do not overlap.
